	<p><b>Bacon</b> – Index and middle fingers of both U hands touch one another high in front of the chest, palms facing down. Fingers form a slight peak. Draw the hands apart from one another, and as they move out, bend the fingers down to the thumbs. Immediately flick the fingers back up, pull the hands farther apart and bend the fingers down to the thumbs once more. Think of forming a long, wavy strip of bacon with the U fingers. Hands end at each side of chest, palms facing one another and fingers down. Thumbs can be up during the sign, or tucked under.</p>
	 <p style="text-align: right;"><b>2x</b></p>	<p><b>Beans</b> – Hold left 1 hand high in front of chest, palm facing down and finger pointing to right. Use the extended index finger and thumb of the right G hand (palm also facing down and fingers pointing to left) to grasp the left index finger. Pull the G hand away to the right, closing right index finger and thumb together as the hand moves. Index fingers should then be four to five inches apart and pointing at one another. Repeat. Sign indicates shape, length, and color of a green bean.</p>
	 <p style="text-align: right;"><b>2x</b></p>	<p><b>Berries</b> – Hold the left I hand down in front of the chest, palm facing in and pinky pointing to the right. Use just the fingertips of the right O to grasp the very tip of the pinky (palm of right O is facing down). Twist right O forward two times.</p>
	 <p style="text-align: right;"><b>2x</b></p>	<p><b>Bread</b> – Hold left open hand (loaf) in front of the chest, fingertips pointing to the right, palm facing self. Use fingertips of right bent B, palm facing self and pinky oriented to floor, to make a slicing motion two times down the back of the left hand. (Right hand moves over slightly between first and second slicing motions, but it doesn't really matter whether it moves to the left or to the right.) Anyone facing signer would see the back of both hands.</p>
	 <p style="text-align: right;"><b>2x</b></p>	<p><b>Butter</b> – Hold left hand out in front of chest, palm facing up and fingers pointing outward. Place the tips of the index and middle fingers of the right H hand, palm facing down, against the heel of the left palm, then pull them off the heel and back towards yourself a couple inches, two times. (Thumb can be tucked under the H or extended.) Index and middle fingers fold in toward the right palm as they move back. Think of spreading butter on a slice of bread.</p>
